SUMMARY

Innovative React Developer with comprehensive background in building and maintaining responsive websites. Strengths include strong problem-solving abilities, effective communication skills, and a knack for translating business requirements into technical solutions. Previous work has resulted in improved user experiences and increased website performance.

WORK EXPERIENCE

- Torbit MultiSoft PVT LTD** OCT 2023 - PRESENT
Role: Jr. React Js Developer (1 Year)
 - Developed React applications using Redux state management and RESTful APIs.
 - Created custom components, forms, and interfaces for user interactions in React.
 - Integrated third-party libraries into existing React applications.
 - Built reusable UI components that can be used across multiple projects with React.
- Torbit MultiSoft PVT LTD** July 2023 - Sep 2023
Role: As an intern (3 Months)

PROJECTS

Shiv Builder

- Developed a real estate website for Shiv Builder using React.js to create dynamic, user-friendly interfaces.
- Implemented custom components for property listings, search functionality, and contact forms.

Noble Academy

- Built an educational platform for Noble Academy with React.js, focusing on scalability and responsive design.
- Worked on seamless REST API integration for real-time data fetching and updates.

Aerial Belly Dance Academy

- Designed and implemented a visually appealing website for Aerial Belly Dance Academy using React.js.
- Ensured cross-browser compatibility and responsive layout for mobile and desktop users.
